

## LICENCE PROFESSIONNELLE BACHELOR'S DEGREE OUTDOOR SOFTGOODS DESIGN & DEVELOPMENT

A one-year international program, taught in english

- 6 months to be operational (september-february) and integrate a company over an internship period of 4 to 6 months (march-august)
- Class size : 20 students for more qualitative support

### Objectives of the Bachelor

The sports industry is in need for young professionals and future generation of products managers who will develop strategies to please the customer's needs in order to optimize a product or its communication and conversion. Students of the Bachelor will know how to create roadmaps, analyze and predict the market, set the communication in between the different related teams (engineers, marketers, designers), stakeholders and executives.

If you are an active sportsman/woman and if you have developed your decision-making skills through a 2-year scientific, technical or design, you are all set to apply to Europe's first one-year "Performance sports textile & footwear" program.

### Job Opportunities

**In terms of job prospects in the outdoor sports & leisure industry (apparel, footwear, accessories)**
